ANTI-LOVER

Why so mad?
With your labyrinth love trap
Reversed romance
We're not in France, got to

Well I could have just asked
If she wanted to go
Or, couldn't I, well not quite so
Turns and dead ends
Scheduled with a girl I used to dream of

Wine stains on my hands
I'm singing Bad Romance
Anti-Lover I am
Wild pace on my Vans
My face-down future plans
Anti-Lover I am
And I'll do best I

Why so rad?
When I lean on beer tap
This cursed romance
Is out of stance, got to

Anti-Lover I am, and it feels like

KIDS AREN'T SAFE IN THE METRO

Sunset goodbyes in late July
Wanna have cup of tea tonight
Cause the winter has arrived
Sunrise with you in the morning
We met few times, you stopped calling
And I started to fall

We met yesterday at the Tesco
Talked about moving to Sisco
Wohoy, away from the petrol
Kids aren't safe in the metro
Mornings came with nightmares
And on daytime my heart aches

Guess it takes what it takes
Guess it takes what it takes
Guess it takes what it takes

I never thought, that this was the city
Where I could stay
Where I could stay
But there was this girl
Oh, there was this girl
With packet of Earl Grey

MEXICO

TV and all of your old cds
Went away in box from 21st street
It's funny how we talk
Nowadays much more
Then you came to me and said
Oh, that's odd

And I call for taxi
Driver comes to me
Asking where to go
Well I don't know
Somewhere relaxing
Somewhere I can fax in
Somewhere we should go
Hold on now I think I know
Let' s go to Mexico

It's been five years since we last talked
Now I think I'm ready to walk

And I call for taxi
Driver comes to me
Asking where to go
Well I don't know
Somewhere relaxing
Somewhere I can fax in
Somewhere we should go
Hold on we're in Idaho
Let's go to Mexico

Let's go, let's go to Mexico

HELSINKI ART SCENE

It was taking too long
High five Hong Kong
I shouldn't confront them well
It was taking too long
It was taking too long

I was saying goodbye
Boom boom Shanghai
I shouldn't confront them well
I was saying goodbye
I was saying goodbye

It feels so wrong
It feels so wrong
It feels so wrong
Because

By the night comes coastline-eyes
Like shifting time could make it right

I don't want, I don't want, I don't want
To be in Helsinki art scene
I don't want, I don't want, I don't want
To be in
I don't want, I don't want, I don't want
To be in Helsinki art scene
I don't need, I don't need, I don't need
To be in Helsinki art scene

COSTA DEL SOL '94

I'm dreaming of another place
Freezing through these winter days
My drifting mind is longing south

Everyday a thousand flights
Postcard from Spain
Hands up, head south
Four words in frames

Out of cash in a tiny bar
We ran away with someones' guitar
No turning back, no turning back

Flashes from life I had before
Costa del Sol '94
No turning back, no turning back

The yard, the trees, all filled with snow
Up in the air, I need to know
The haunting smile before my eyes

Sleepless bandit on the run
I stare towards the burning sun
Vaulting miles to these shorelines

Hands up, hands up
Head south, head south

Mt. FOREVEREST

We got time to change
Your house to blame
Find a way from the dust
High places for us

Under the blue sheet
Your cold feet and we
Try to sleep even though
We don't know where we go

Too afraid to talk
Soon to tired to walk
Answers are too clear
We shouldn't waste our years

To total nonsense
Build your own damn fence
And it gets too intense
Love which started at bar bench

As the weeks go by
You look up ask why
Sunny days feel the same
For you forever rain

I thought I get through
But because of you
Hands are stuck with old
Don't hesitate you told

Guess we all go wrong
When we think life is long
Sure it's best to say
This is your old song

BLAME THE FIREWORKS

Today was gonna be the best in years
Started with smile, ended in tears

La-da-da-da-da

La-da-da-da-da

And I know these streets
And I thought I knew you
But I got lost when I found the new you
And I know these streets
And I thought I knew you
But I got lost

I've tried, I've lied
Wohoo, it hurts
Well, I blame the fireworks
I blame the fireworks
I blame the fireworks

Today was gonna be the best in years
From blue eyes few lies
Came to my ears

SIRENS

I became so down, so down by the road
I called your house and heard your dial tone

They come as they go
They come as they go
They come as they go
We shake, we shake

They come as they go
They come as they go
They come as they go
We shake, we shake

You wake me up
By telling facts while you
Put your shoes on
You wake me up
By telling information that is
Useless at this point

If we could fix everything
One more kiss without smiling
If we could fix everything

I call them sirens
I call them sirens
It's simple science
I call them sirens

I became so down, so down by the sea
I saw you sailing, smiling with a thief

Sirens, silence, sirens, silence
Sirens, silence, sirens, silence

Sirens, silence until time ends

FAMILY

This is a story about a man
And how he came to understand
The things in his life
And how to get along
And how to get along

Maybe someday I'll start a family
April 15th 2023
Maybe maybe maybe

Oh that we get along and
Oh that we get along well
I think it's time to tell and
It's time to tell the tale
And forget one
And forget one

COME BACK CONVERSATION

All we know
Is how to buy some things
From the internet
You can go
It's all we ever know

Take control
And all the bridges
Break down on their own
We take forms
Forgot our roles and the rest is told
So go

Oh, why we even fight?
Oh, why we even fight?

It's alright
We are rainmakers in autumn times
We've lost this love, it's in her eyes
We are rainmakers in autumn times

Take control
And conversation
Leads to another wall
Once so strong
Our shape is torn and the feature's gone
So go

Take me, take me with you
Take me, take me with you
